

TYO Volunteers at Bethlehem University

UNAoC grant funds new youth project at TYO

In late November, the United Nations Alliance of Civilizations Youth Fund awarded TYO a \$20,000 grant for our "Speaking for Ourselves: Youth-led Diplomacy" project. Through this project, six interns (three Americans and three Palestinians) will produce a userfriendly, multimedia guide to present Palestinian culture to audiences around the world. Last Day Celebration in Nablus

On December 16, 2009 Tomorrow's Youth Organization celebrated the last day of its fall session in Nablus. The children experienced an exciting array of activities offered by TYO, including art, sports and face-painting activities. Operation Smile generously donated a hat, t-shirt and gift to each child and volunteer in honor of the last day. It was a beautiful celebration and a great way to end the session and say goodbye. We look forward to seeing the children again early next year. For more photos of the celebration, please visit our [blog](#).
